TURN-KEY INSTALLATION FOR NEW SIREN EQUIPMENT:

Item #6

1 ea. Braniff Communications, Inc., an AUTHORIZED FEDERAL SIGNAL SERVICE CENTER, will deliver and install above listed equipment on a 55' Class II, treated wooden pole at the site designated by the Village of Chatham. Siren is to be completely installed, wired for overhead service and tested for proper operation. The Village of Chatham is to provide power to the siren. Any fees for the connection of power, by the Utility Company, is the responsibility of the Village of Chatham. The contractor will contact the power company and advise them of the power requirements for the above listed siren. The contractor shall contact J.U.L.I.E. and exercise due care to prevent damage to utilities and surrounding facilities. Site restoration will be incidental of each unit and no compensation allowed for. If work cannot be completed as originally planned due for unforeseen obstacles, (i.e., Rock Digging, Fluid Soil, change of requirements, etc.), the Village of Chatham would be responsible for reimbursing Braniff Communications, Inc. for such additional expenditures above the original quotation. Any equipment needed including, but not limited to, weatherproof disconnects, ground rod and supplementary electrical service equipment is provided as a portion of this proposal.
